The new pupil – the first plan

Maya went to the school library on Monday at 8:15. The group wanted to plan a class activity. At first, the plan was easy to follow. Then one important note was missing. Maya asked the organiser for help. The group decided to check the official information and make one clear plan. In the end, everyone received the correct information. Maya wrote the new information on a card so that everybody could read it. The group was happy because it had solved the problem together.

1. Who is the main person?
2. On which day does the event happen?
3. At what time does it begin?
4. Where does the group meet?
5. What does the group want to do?
6. What changes the plan?
7. What does the group do before or while deciding?
8. Which solution does the group choose?
9. What is the result?
10. Put in order: problem – result – planned task.
11. Give the text a suitable short heading.
12. State the main message in one sentence.

READING TEXT 2 · READ THIS TEXT FIRST

The new pupil – what changed

Ben went to a local museum on Wednesday at 15:30. The group wanted to interview a local expert. At first, the plan was easy to follow. Then the group had too little time. Ben asked the organiser for help. The group decided to complete the most important part first. In the end, nobody was excluded. Ben wrote the new information on a card so that everybody could read it. The group was happy because it had solved the problem together.

13. Who is the main person?
14. On which day does the event happen?
15. At what time does it begin?
