Lunch at school – the first plan

Sofia went to a visitor centre on Friday at 14:00. The group wanted to create a clear poster. At first, the plan was easy to follow. Then two groups had different information. Sofia asked the organiser for help. The group decided to share the tasks and set a new finishing time. In the end, the group learned from the change. Sofia wrote the new information on a card so that everybody could read it. The group was happy because it had solved the problem together.

1. Who is the main person?
2. On which day does the event happen?
3. At what time does it begin?
4. Where does the group meet?
5. What does the group want to do?
6. What changes the plan?
7. What does the group do before or while deciding?
8. Which solution does the group choose?
9. What is the result?
10. Put in order: problem – result – planned task.
11. Give the text a suitable short heading.
12. State the main message in one sentence.

Lunch at school – what changed

Noah went to the railway station on Monday at 12:20. The group wanted to compare two ideas. At first, the plan was easy to follow. Then the instructions were unclear. Noah asked the organiser for help. The group decided to ask the organiser and rewrite the instructions. In the end, the visitors found the correct place. Noah wrote the new information on a card so that everybody could read it. The group was happy because it had solved the problem together.

13. Who is the main person?
14. On which day does the event happen?
